## Supply Notification

### CYSTARAN® (CYSTEAMINE OPHTHALMIC SOLUTION) 0.44%

**Dear Providers and Patients:**

The purpose of this communication is to provide information regarding a supply interruption of Cystaran (cysteamine ophthalmic solution) 0.44%.

Lediand Biosciences, Inc. would like to inform you of a supply interruption for Cystaran. The supply of Cystaran will be in Drug Shortage as early as 17 July 2017. It is unknown as to when the supply will resume; however, Lediand Biosciences, Inc. is diligently working with the manufacturer to resume normal distribution levels as soon as possible.

During this supply interruption, please feel free to contact Walgreen's Specialty Pharmacy at 1-877-534-9627 for any questions regarding prescriptions. Should you have any clinical or medical questions regarding the use of Cystaran, please contact Lediand Biosciences, Inc. Medical Affairs at 1-866-634-2765 or [Lediant@tmacmail.com](mailto:Lediant@tmacmail.com).

Sincerely,

Joseph M. Wiley, MD, FAAP  
Vice President, Medical Affairs, Drug Safety and Pharmacovigilance  
Lediand Biosciences, Inc.  
9841 Washingtonian Boulevard  
Gaithersburg, MD 20878
